Dear Dr. Goldentyer:

As requested, we are submitting a revised annual report to reflect that all dogs used in the past federal fiscal year were Category D animals. The previously submitted annual report dated 10/25/02 listed six dogs in Category E. The animals were purchased for a Category E study, but were actually used in a Category D protocol.

We regret any confusion regarding this matter. If you have any questions or concerns, please call me at the number listed above. Thank you.

Sincerely,

CC:
